AN UNFORGETTABLE EXPERIENCE

Treat yourself to an unparalleled off-the-grid getaway in our collection of glass eco-cabins, situated in remote and awe-inspiring havens throughout the picturesque landscapes of New Zealand.

The Kahutara PurePod is perched high above the Kahutara River, after which this PurePod is named. The mountains rising above the river are part of the Seaward Kaikōura Range which dominates the landscape in the Kaikōura region, along with the nearby coastline with its abundance of marine life.

Explore the marked trails on the steep hills behind the PurePod, reaching heights of 500 meters. Add an optional picnic lunch to your booking and venture up the track for magnificent views.

An added benefit of the Kahutara PurePod is your own “private” range of foothills bordering the opposite side of the river. While the river is a hundred metres away, down below, you will still hear it in the stillness and its sounds will lull you to sleep at night.
